

MIHALKOVO TROUT CUP 2021

- The tournament will take place on the 14th and 15th of August (two rounds each day – in the morning and in the afternoon). It will be held in two sectors (A and B). Each team consists of two participants.
- Attention! The tournament will take place only in half of the river on which the World championship will take place. In this half of the river the calm river sections prevail. Outside two sectors, fishing is strictly prohibited!
- One participant from each team will compete in the morning, while the other participant from the same team will be a controller (behind the back of another competitor, giving him tickets for each fish and monitoring compliance with the rules). In the afternoon they swap – the participant, who was a controller, will compete, while his teammate will be a controller. For example – John and Steve are teammates. In the morning John is fishing, while Steve is controlling another participant and in the afternoon Steve is fishing and John is controlling somebody else.
- The competitions in the morning are in the one sector, and the competitions in the afternoon are in the second sector
- We kindly ask and expect all participants to approach their duties as controllers in a responsible manner
- The tournament will be held according to the rules of FIPS
- Each country can apply for up to 5 pairs of competitors (5 different teams)
- The names of the teams can be like those of the nations - for example Poland 1, Poland 2, Poland 3,

or they can be with other names, including brands.
The names are announced in advance

- If a nation appears with an odd number of competitors, an international team will be formed
- Finally, a team and individual ranking of the tournament will be made.
- The participation fee will be 50 euros per competitor and will be paid on the spot.
